WELCOME TO THE

FAMILY

**Exhale is designed to be a place
where dancers can grow, be
themselves, and leave feeling
empowered.**

CONNECTION

CONFIDENCE

COMMUNITY

LETTER FROM THE

DIRECTOR

Hello!

As we step into another season of Exhale, I want to take a moment to simply say thank you.

Thank you for choosing Exhale to be a part of your dancer's journey. When I started Exhale, I wanted to create something that went beyond dance. Of course, we want dancers to leave feeling inspired, challenged, and excited, but I also wanted to create a space where dancers feel supported as people, not just performers.

Mental health has always been at the heart of Exhale. We believe that conversations about mental health belong in the dance community and that dancers should grow up knowing it is okay to talk about how they feel, ask for help, support one another, and know that their worth extends far beyond a score, placement, or performance.

By dancing with Exhale, they are learning what it means to be part of a community. They are learning to cheer for the dancer next to them, celebrate someone else's success, lead with kindness, and recognize that they have the ability to use something they love to create an impact far beyond the dance floor. Thank you for being part of it.

With love & gratitude,

Gabby
